About Shree Balajee Air Conditioning

Shree Balajee Air Conditioning is a complete HVAC project engineering company and is With its own manufacturing facility and thereby are implementing Humidification, Ventilation, and Air conditioning solution system in the Oil Refineries, Petro-chemical products complexes, Oil and Gas plants, and large capacity Hydro, Thermal & Nuclear Power generation plants.

We are the specialist in this field of application engineering, and our working strategy is of concept to commissioning. SBAC has also engaged as a manufacturer & supplier of Boiler House Accessories like Chimney, Vessels, Storage Tanks and other SS/MS fabrication as per customer requirement. We have a well-equipped workshop with latest equipment's to carry out the manufacturing activities. designed and manufactured many Environment Control systems and engineering solution systems for most of the typical problems in the industry.

We, the Shree Balajee Air Conditioning work through the first principles of Science & Engineering, and therefore the Environmental Control systems implemented by us are always complete and a successful installation.

We specialize in the execution of system installations with customized features and complying with the specialized requirement specifications with safety and quality.

We have our own design and manufacturing facility for Industrial air handling fans / blowers. We are manufacturing lot many variants of Industrial Air Handling Fans. The Axial flow fans are made by us also in 2-stage (Reversible) configuration for Tunnel ventilation application-during the excavation workings.

A Complete HVAC Solution

Deals in: Turnkey Mechanical Project, Environmental Control System & Tunnel Ventilation System Expert, HVAC Ducting, piping, Electricals services, Thermal Insulation Application and Traders

Our Vision

To revolutionize HVAC industry in India with precise engineering calculation to deliver cost efficient and energy efficient projects and facilitating health Air Conditioning with integrity, honesty and best ethical practices. We do Centralized Air Conditioning but do not make you pay high energy bills.

Our Group Company

- Gilford Enterprises
- Shree Lakshmi Narayan Enterprise
- Shiddhivinayak Enterprises
- Shree Lakshmi Narayana Engineering

Our top Client

- NTPC
- Voltas Ltd
- Larsen & Toubro (L & T)
- Sterling & Wilson Ltd
- Universal MEP & Engineering Services Limited

Registered With

- MSME
- GSTIN
- EPFO
- ESIC
- LIN

Profile

- Business Type: Manufacturer, Contractor, Engineering & Consultant
- Primary Competitive Advantages: Quality proven products
- No of Engineers/Staff: 35 (As per production / Construction Site requirement)
- No of workers: 165+ (As per production / Construction Site requirement)
- Year of Establishment: 2016
- No of Production Lines: 2
- Production Type: Semi-automatic
- Monthly Production Capacity: As per customers' requirement

Centralized Air Conditioning & Ventilation

(HVAC and other Projects where we have completed Design, supply and execution, Testing & Commissioning)

Projects

➤ **Project: - KMRC Phase-2, Howrah Maidan Metro Station**

- **Client:** - Kolkata Metro Rail Corporation
- **Organization:** - Sterling and Wilson Pvt Ltd

Project Value- 18511989/-

Working Manpower - 38 Nos

Work Scope -

Erection Testing & Commissioning - Installation of Fan,
Installation of Duct with insulation with complete Package.

➤ **Project: - Greater Kailash 1 Metro Station**

- **Client:** - Delhi Metro Rail Corporation
- **Organization:** - ETA Engineering Pvt Ltd

Project Value- 14405240/-

Working Manpower - 40 Nos

Work Scope -

Erection Testing & Commissioning - installation of Duct with
insulation with complete Package.

➤ **Project: - Greater Kailash 2 Metro Station**

- **Client:** - Delhi Metro Rail Corporation
- **Organization:** - ETA Engineering Pvt Ltd

Project Value- 13200000/-

Working Manpower - 30 Nos

Work Scope -

Erection Testing & Commissioning - Installation of Duct with
insulation with complete Package.

**National Thermal Power
Corporation Limited**

➤ **Project: - NPGCL Auxilliary Building Package**

- Client: - Nabinagar Power Generation Corporation Limited
- Organization: - Sterling and Wilson Pvt Ltd

Project Value- 36812191/-

Working Manpower - 30 Nos

Work Scope -

Erection Testing & Commissioning - Installation of HVAC Piping, Duct with insulation, Installation of Axial Fan, Installation of Cooling Tower with complete Package.

AIIMS

All India Institute Of Medical Sciences

➤ **Project: - National Cancer Institute AIIMS Hospital
Jhajjar Haryana**

- Client: - Shapoorji Pallonji & Co. Ltd.
- Organization: - Sterling and Wilson Pvt Ltd

Project Value- 27290000/-

Working Manpower- 42 Nos

Work Scope- We have Completed Ducting and Insulation Work Approx.
27000 Sqm within 17 Month.

➤ **Project: - Suzuki Motor Gujarat B Line Paint Shop Erection.**

- **Client: - Suzuki Motor Gujarat Pvt. Ltd.**
- **Organization: - Taikisha Engineering India Pvt Ltd**

Project Value - 21090000/-

Working Manpower - 60 Nos

Work Scope -

- In this project we have done Erection work (Mezzanine, Oven- Floor and Casing Panel, Booth 1 and Booth 2, Air Supply Unit, Cooling Deck, Header Beam-Host Rails, Ducting- GI and TDF Seam Duct Boxing, Bracing & Riveting or Threaded Rod Fixing, Canvas and damper, Welded duct Fabrication and Erection Work, Rockwool and Self-Adhesive Insulation) as per approved Technical Submittal & Drawing.

➤ **Project: - Maruti Suzuki India Ltd Gurgaon**

- **Client: - Maruti Suzuki India Ltd**
- **Organization: - Sterling and Wilson Pvt. Ltd.**

Project Value- 22785000/-

Working Manpower - 17 Nos

Work Scope -

- In this project we have done Erection work (Mezzanine, Oven- Floor and Casing Panel, Booth 1 and Booth 2, Air Supply Unit, Cooling Deck, Header Beam-Host Rails, Ducting- GI and TDF Seam Duct Boxing, Bracing & Riveting or Threaded Rod Fixing, Canvas and damper, Welded duct Fabrication and Erection Work, Rockwool and Self-Adhesive Insulation) as per approved Technical Submittal & Drawing.

- In this project we have install (31 Air Washers Unit whose capacity 30000CMH, 60000CMH, 80000CMH, 120000CMH)
Sheet Metal Air Washers as per approved Technical Submittal & Drawing complete with FRP lining on bottom panel of fan section & after wet section.
- **Air Washer Foundation Fabrication** (MS Channel)
- **Installation of CFM based Duct in all Air Washers Unit.**
- **Installation of Insulation in all Air Washers Duct.**

➤ **Project: - Maruti Suzuki India Ltd Gurgaon (Shut Down June 2017)**

- **Client: - Maruti Suzuki India Ltd**
- **Organization: - Taikisha Engineering India Pvt. Ltd.**

Project Value -
9605000/- Working
Manpower - 20 Nos Work
Scope -

1. **TOUCH UP BOOTH INSTALLATION:** - Casing Erection, Grating, Grating Frame Erection, Ducting Work, Ceiling and Exhaust filter Frame, Ladder and Platform Erection, Sealant Fixing, Leakage Testing, Equipment erection like Pump Fan Motor Filter Eliminator
2. **MEZZANINE INSTALLATION:** - ASU Column beam erection, Purlin Plate, Stair Handrail Erection Work, ASU shed work, Booth Exhaust Fan Motor Installation.
